The first **Bicycle Extravaganza** was organized in 1996 by the Niagara Freewheelers Bicycle Touring Club. It provides a good opportunity to compare notes with other clubs. And, it's a great way to launch the cycling season.

With beautiful, quiet country roads and world-class attractions, Niagara has a lot to offer cyclists of all abilities, both on and off the bike.

Please spread the word. We would really appreciate if you would broadcast the event in your Club Newsletter.
