Summer made a brief appearance this morning, and 18 riders took advantage by coming out to Beeton for the inaugural Interclub race of 2019. Four of the eight riders from Group 2 broke away and rode very well together and had a nice sprint finish up the hill with Kylee Innes holding off Andre Sirois for the much deserved victory! Group 3 blew apart quickly, and four strong riders from Group 4 passed them one by one and picking up a strong Don Smart along the way who hung on through the finish. It was a hard effort by all, so the cookies, bananas, and beverages were welcome at the finish. Thanks to Bob Spencer and Andrew Darke of the NECC for coming out to administer the race.....Bob recorder the lap times by all which you can view on a separate excel file. The next race in this series is Saturday, July 20th 10:00 am at the Eugenia Falls Emporium (hosted by the CCC) which is a great venue for the race, and also the post-race feed! Hope to see a large contingent from each of NECC, BCC, and CCC in attendance.
